

SDG Goal 17	Partnerships for the goals
SDG Target 17.16	Enhance the Global Partnership for Sustainable Development, complemented by multi-stakeholder partnerships that mobilize and share knowledge, expertise, technology and financial resources, to support the achievement of the Sustainable Development Goals in all countries, in particular developing countries
SDG Indicator 17.16.1	Number of countries reporting progress in multi-stakeholder development effectiveness monitoring frameworks that support the achievement of the sustainable development goals
Time series	Progress in multi-stakeholder development effectiveness monitoring frameworks

1. General information on the time series

- Date of national metadata: 7 July 2022
- National data: <http://sdg-indicators.de/17-16-1/>
- Definition: The time series shows, if Germany has made progress in overall multi-stakeholder development effectiveness monitoring frameworks that support the achievement of the sustainable development goals.
- Disaggregation: Not available.

2. Comparability with the global metadata

- Date of global metadata: March 2022
- Global metadata: <https://unstats.un.org/sdgs/metadata/files/Metadata-17-16-01.pdf>
- The time series is compliant with the global metadata.

3. Data description

- The data is an assessment by Global Partnership for Effective Development Co-operation, whether progress has been made in overall multi-stakeholder development effectiveness monitoring frameworks. Germany participated in the monitoring exercise in 2018. A country reports progress in SDG indicator 17.16.1 if the number of indicators showing a positive trend is higher than the number of indicators showing a negative trend, as reported in Global Partnership Monitoring Rounds.

4. Access to data source

- Not available.

5. Metadata on source data

- General information on the Global Monitoring Reports:
