Time series Integration of "global citizenship education" and "education for sustainable

development" into the education system

1. General information on the time series

• Date of national metadata: 19 May 2022

• National data: http://sdg-indicators.de/4-7-1/

- Definition: The time series measures the value of a combined score of the answers to several questions in the questionnaire for monitoring the implementation of the UNESCO's 1974 Recommendation concerning Education for International Understanding, Co-operation and Peace and Education relating to Human Rights and fundamental Freedoms (the "1974 Recommendation").
- Disaggregation: Not available.

2. Comparability with the UN metadata

• Date of UN metadata: March 2024

• UN metadata: https://unstats.un.org/sdgs/metadata/files/Metadata-04-07-01.pdf

• The time series is compliant with the UN metadata.

3. Data description

• For each of the four components of this indicator (national education policies, curricula, teacher education and student assessment) a score is calculated, based on the responses on the corresponding questions of the questionnaire of the 1974 Recommendation. These questions evaluate the national implementation of both global citizenship education and education for sustainable development.

The questions are coded with simple "Yes", "No" and "N/A" answers, with a score of "1" for "Yes" and "0" for "No". "N/A" responses will not be included as part of the overall score calculation. For most questions there is also the answer option "Unknown" which is evaluated like a "No". Most of the questions can be answered separately for education levels Pre-primary, Primary/ secondary, Tertiary and Non-formal whereas only the answers for education level Primary/ secondary are taken into account for the calculation of the indicator.

4. Access to data source

• Responses to the questionnaire on the application of the UNESCO's 1974 Recommendation concerning Education for International Understanding, Co-operation and Peace and Education relating to Human Rights and fundamental Freedoms are not publicly available.

Integration of global citizenship and education for sustainable development in area i $= \frac{\sum_{ki} \text{Value of the answer to the questions of area } i [\text{number}]}{\text{Q uestions in area} i [\text{number}]} \cdot 100 [\%]$

 $i \in \{(a) \text{ national education policies}; (b) \text{ curricula}; (c) \text{ teacher education}; (d) \text{ student assessment}\}$

k(a) national education policies $\in \{A2; A4; A5; E1a\}$

k (*b*) curricula ∈ {B2;B3;B4;E1b}

k(*c*) teacher education ∈ {C2;...;B5;E1c}
