

SDG Goal 17 Partnerships for the goals

SDG Target 17.19 By 2030, build on existing initiatives to develop measurements of progress on sustainable development that complement gross domestic product, and support statistical capacity-building in developing countries

SDG Indicator 17.19.2 Proportion of countries that (a) have conducted at least one population and housing census in the last 10 years; and (b) have achieved 100 per cent birth registration and 80 per cent death registration

Time series At least one population and housing census in the last 10 years conducted

1. General information on the time series

- Date of national metadata: May 7, 2026
- National data: <https://sdg-indicators.de/17-19-2>
- Definition: The time series shows whether at least one population and housing census has been conducted in Germany in the last 10 years.
- Disaggregation: Not available.

2. Comparability with the UN metadata

- Date of UN metadata: July 2016
- UN metadata: <https://unstats.un.org/sdgs/metadata/files/Metadata-17-19-02a.pdf>
- The time series is compliant with the UN metadata.

3. Data description

- The census is a reference date-based census of population, buildings and dwellings, generally conducted at ten-year intervals. It provides a robust statistical basis for population figures, the living conditions of the resident population, and the stock of buildings and dwellings.

Due to the coronavirus pandemic, the census originally planned for 2021 has been postponed by one year.

4. Access to data source

- Data from the 2011 Census (only available in German):
https://www.destatis.de/DE/Themen/Gesellschaft-Umwelt/Bevoelkerung/Zensus2022/_inhalt.html#sprg1403932
- Results of the 2022 Census:
<https://ergebnisse.zensus2022.de/datenbank/online/>
- Act on the Register-based Census of 2011 (ZensG 2011) (only available in German):
https://www.gesetze-im-internet.de/zensg_2011/
- Act on the Conduct of the 2022 Census (ZensG 2022) (only available in German):
https://www.gesetze-im-internet.de/zensg_2021/

5. Metadata on source data

- Methodology of the 2011 Census (only available in German):
https://www.statistischebibliothek.de/mir/servlets/MCRFileNodeServlet/DEMonografie_derivate_00000960/Zensus2011_Methoden_und_Verfahren.pdf
- Methodology of the 2022 Census (only available in German):
https://www.destatis.de/DE/Themen/Gesellschaft-Umwelt/Bevoelkerung/Zensus2022/Methoden/_inhalt.html

6. Timeliness and frequency

- Timeliness: Not applicable.
- Frequency: Annual

7. Calculation method

- Unit of measurement: yes=1, no=0
- Calculation: Not applicable.

SDG Goal 17 Partnerships for the goals

SDG Target 17.19 By 2030, build on existing initiatives to develop measurements of progress on sustainable development that complement gross domestic product, and support statistical capacity-building in developing countries

SDG Indicator 17.19.2 Proportion of countries that (a) have conducted at least one population and housing census in the last 10 years; and (b) have achieved 100 per cent birth registration and 80 per cent death registration

Time series Birth registration

1. General information on the time series

- Date of national metadata: May 7, 2026
- National data: <https://sdg-indicators.de/17-19-2>
- Definition: The time series shows whether births are registered in Germany.
- Disaggregation: Not available.

2. Comparability with the UN metadata

- Date of UN metadata: September 2024
- UN metadata: <https://unstats.un.org/sdgs/metadata/files/Metadata-17-19-02b.pdf>
- The time series is not compliant with the UN metadata.

It shows whether births are registered in Germany, rather than the proportion of registered births, as specified in the UN metadata.

3. Data description

- In Germany, the Civil Status Act (Personenstandsgesetz, PStG) governs the registration of births. Due to the existing legal requirements, the registration rate for births is estimated to be almost 100 percent. The birth of a child must be reported to the relevant registry office within one week. This rule applies to all children born in Germany.

4. Access to data source

- Civil Status Act (Personenstandsgesetz, PStG) as amended (only available in German): <https://www.gesetze-im-internet.de/pstg/>

5. Metadata on source data

- Not available.

6. Timeliness and frequency

- Timeliness: Not applicable.
- Frequency: Annual

7. Calculation method

- Unit of measurement: yes=1, no=0
- Calculation: Not applicable.
